DEPARTMENT OF COMMERCE

RADIO DIVISION

May 16, 1928.

OFFICE OF SUPERVISOR OF RADIO
FEDERAL BUILDING
CHICAGO, ILL.

Mr. Frank J. Jutrash,
385 - 11th Ave., Apt. 5,
Milwaukee, Wisconsin.

My dear Mr. Jutrash:

This office wishes to acknowledge with thanks receipt of bulletins issued in conjunction with the First Central Division ARRL Convention to be held at Milwaukee the latter part of this month. In reviewing this publication it is quite apparent the various committees have gone to considerable effort in order to make this convention a success, which it well deserves to be.

In glancing through the program it is noted that the radio operators' license examination at the Federal Building is scheduled for 10:00 A.M. on Saturday, May 26. In this connection may we inform you that notices are being sent out advising those in the vicinity of Milwaukee who desire to appear for this examination to be there promptly at 9:00 A.M. The reason for this somewhat early hour is that the commercial examination may be completed sometime in the afternoon and so not interfere with the early evening program.

Accordingly, it would be appreciated if you would arrange to have announcements made to the fellows at the various meetings to be held on the previous day.

Kindly advise if this does not meet with your approval in any way.

Very truly yours,

H. D. Hayes.

Supervisor of Radio.
